---

- The safety of pupils, staff and visitors is the responsibility of all employees of, contractors and visitors to the school at all times
  
  - The School will implement school-wide strategies to minimise a child’s risk of coming into contact with allergens in the school environment
  
  - The School cannot guarantee an allergy-free environment as it relies on the information provided by parents and the co-operation of all persons who come into contact with allergy sufferers whilst at school
-
