Pre-Kindergarten Program

Building Strong Foundations for Bright Futures

Welcome to a world of endless possibilities for your child's educational journey. We are thrilled to introduce our new and exclusive Pre-Kindergarten Program, designed to provide your little one with a solid foundation for a lifetime of learning and growth.

A Unique Blend of Learning

At Pittwater House, we understand that the early years are crucial, and we are committed to making them rewarding for your child.

Our bespoke school readiness program is unlike any other. We reference the Early Years Learning Framework but use the NSW Education Standards Authority's Stage 1 curriculum as our primary source of inspiration. This means that your child will receive a comprehensive education that not only prepares them for school but also nurtures their creativity, curiosity, and individuality.

A Warm and Welcoming Environment

We understand that stepping into a classroom can be a big moment for both you and your child. That's why our warm and nurturing class teacher and teaching assistant will make every day a joyous adventure, helping your child become comfortable in their dedicated classroom, uniform, and daily routine.

Expert Teaching Staff

Whether it's exploring the world of music, delving into the wonders of literature, or embarking on exciting linguistic adventures, our team of specialist educators in music, library, and languages will be on hand to spark your child's passion for learning.

Access to a World of Opportunities

At Pittwater House, we believe that learning should extend beyond the classroom. Your child will have broader access to our School's campus, activities, and resources. Our health centre, staffed by on-site nurses, ensures your child's well-being. Plus, our convenient canteen allows for online lunch orders, ensuring your child receives nutritious meals throughout the day.

Building Enduring Relationships

One of the most rewarding aspects of our Pre-Kindergarten Program is the opportunity for your child to meet new classmates and become a part of a broader school learning community. We believe that building strong relationships is a crucial part of your child's development, so they can cultivate a strong sense of self to thrive academically but also socially, emotionally, and personally.

Tailored to fit your Family

Eligible for a maximum of 20 boys and girls who turn four before 31 March, families can choose from our flexible 3, 4 or 5-day per week program during Term-time, which will run from 8:30am – 3:00pm Monday to Friday, with staff supervision from 8:00am and until 3:30pm daily.

An after-school-care program will also be available if required.
